Mackereling Items.

One hundred and twenty-five barrels of fresh tinker mackerel were received at Boston today from Woods Hole and vicinity.

Fishing Fleet Movements.

Capt. Samuel Colson reports speaking sch. James S. Steele on Western Bank. A year ago this time Capt. Colson fished on the same spot and 50 vessels mostly salt fishermen, were in sight all the time. This year he did not see a vessel except the Steele.

The boats had 100 barrels of herring at Rockport Saturday.

Fishing Facts and Fancies.

The Portland canner fishing season is close. The business is successfully pursued, the being 10 men who make a good livelihood by this method.

Fresh fish at Portland is very scarce, and fishermen are getting higher prices this year by three or four cents than last year.

BOTH WANTED IT.

So Bidding Was Lively on Halibut Trip of Sch. Margaret.

Atlantic Halibut Company Secured It at High Figures.

The banner price of the season was reached on fresh halibut this forenoon, when the fare of sch. Margaret, Capt. Samuel Colson, sold to the Atlantic Halibut Company at 16 cents per pound for white and 11 1-2 cents per pound for gray. This is the highest price paid for a long time, being a raise of six cents on white and 4 1-2 cents on gray over last sales.

These figures were the result of spirited bidding between the Atlantic Halibut Company and the New England Fish Company. The first offer was 12 cents per pound for white and 8 cents for gray, and was steadily advanced on fractional bids until the figures for which the fare sold were reached.

Capt. Colson has made another quick trip, for which he is famous, and the fish are in fine condition. On these high prices, he will make one of the best stocks of the season.

Besides her halibut, the Margaret had 12 swordfish, which the Atlantic Halibut Company bought at 12 cents per pound.

BIG HAUL OF HERRING.

Shore Boats Find Their Nets Sunk with Fish.

Some of the shore boats which had their nets off Braces Cove were surprised on going to them yesterday, to find them sunk. They soon learned that the cause was the immense amount of herring which they had caught. The crews found it impossible to do anything with them, and a lighter which went out could also do nothing, but after much labor, the nets or part of them, were secured one by one and pulled, the catch of three boats amounting to 125 barrels.

PRETTY CRAFT.

Sch. Cuba of Galveston Sails for Home Port.

Is One of Six New Crafts Built for G. W. Munn.

The new sch. Cuba, Capt. Parker Robbins, which sailed for Galveston Saturday and was obliged to return on account of adverse winds, will sail again today. She is the fourth of the six vessels which Oxner & Story of Essex have built for G. W. Munn of Galveston Texas. They are all from one model by Crowningshield and are very pretty. They have been named in alphabetical order, Aloha, Bonita, Cuba, Dixie, Elmo, Fortuna. The Elmo and Dixie are now fitting out here for their long voyage to their home port.

Capt. Robbins who is a well-known skipper, carries with him a crew of Gloucester fishermen, all of whom are popular fellows, and quite a crowd gathered at Parkhurst's wharf Saturday to see them off.

Good Stock.

Sch. Electric Flash, Capt. Edward McLean, stocked \$2526 on her recent seining trip, the crew sharing \$61.20.

Mackerel Sale.

The fare of sch. Ralph L. Hall has been sold to D. Elwell Woodbury at \$24 per barrel. This is the highest price for large mackerel this year.

CANADIAN MACKEREL NEWS.

Catch at Magdalene Islands Has Been Phenomenal.

But Few Fish Taken at Prince Edward Island.

Mr. David H. Lane of this city, who has just returned from an extended business trip to Nova Scotia, Prince Edward Island and the Magdalene Islands, reports that the mackerel catch at the latter place has been the largest for years, estimated at 7000 barrels salted. All of this has been disposed of at high figures, excepting 600 barrels now held at Brine Island. The fish were not as good in quality as those taken last year, but owing to the presence of many buyers, brought a much higher price, as high as \$14 per barrel being paid.

The catch at Prince Edward Island was very light. The fish did not school at all and about all the fish were taken off West river and South lake. The fish, about 500 barrels were of splendid quality.

The catch salted at Halifax, Charlottetown and Souris was estimated at 4500 barrels and had all been disposed of.

From what he could hear, Mr. Lane was of the opinion that the American seiners now on the Cape Shore had done but little.

Good Stock.

Sch. Margaret, Capt. Samuel Colson, stocked \$3175 on her recent fresh halibut trip. She carried a crew of 19 men and the share was \$76.50.
